

2021 TCR TECHNICAL BULLETIN no. 13 / 2021-10-1

After considering all aspects of the problem, the WSC management made the following decision, which will apply from 2021, October 4th regarding the Front Splitter Brackets (Art. 4.4 of the TCR Technical Regulations).

The front splitter must be rigidly fixed the car's body.

Front splitter brackets using elastic elements must be blocked.

Andreas Bellu / WSC Technical Director
